Our continued focus ...

- 1. The benefit of sports to help children learn and grow socially, emotionally, and physically are well documented. Increasing access to community sports-based programs by reducing costs to families is an ongoing goal.
- 2. Supporting students' personal costs to participate in an enriching experience or competition where district funds cannot be used.
- 3. Providing scholarships to graduating seniors to pursue their college dreams.

CFY has brought the national Girls on the Run program to Tulare & Fresno counties to motivate, inspire, build confidence and healthy lifestyles of girls in 3rd-8th grades.
